

WOMAN'S BACKACHE

The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching. It tells, with other symptoms, such as nervousness, headache, pains in the loins, weight in the lower part of the body, that a woman's feminine organism needs immediate attention.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Will Young, of 6 Columbia Ave., Rockland, Me., says: "I was troubled for a long time with dreadful backaches and a pain in my side, and was miserable in every way. I doctored until I was discouraged and thought I would never get well. I read what Lydia E. Pinkham's Vegetable Compound had done for others and decided to try it; after taking three bottles I can truly say that I never felt so well in my life."

Mrs. Augustus Lyon, of East Earl, Pa., writes to Mrs. Pinkham:

"I had very severe backaches, and pressing-down pains. I could not sleep, and had no appetite. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a new woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration.

At drug and toilet stores, 50 cents, or by mail postpaid. Large Trial Sample

WITH "HEALTH AND BEAUTY" BOOK SENT FREE THE PAXTON TOILET CO., Boston, Mass.

Out of Date.

The time had come when devotees no longer sought to cast themselves under the wheels of the car of Juggernaut.

"Why this lack of zeal?" asked the scoffers.

"What's the use?" said the devotees. "No matter how hard we try, our lumbering old ice wagon can't compete with the deadly automobiles!"

From which we learn that even among the ancients the scorching chauffeur was a discourager of piety.

Uncle Sam Wants Flying Machines.
The United States government is advertising for bids for heavier-than-air flying machines. Acceptable machines must be able to carry two persons of a combined weight of 350 pounds besides fuel sufficient for a continuous flight of 125 miles. The machine also be able to make at least 40 miles an hour. They must be able to start from any open field and land in like surroundings without damage.

Successful Demonstration.
Romulus was founding Rome. "What I'm trying to do," he explained, "is to show that it is possible to start a big town without building it around an oil well or a copper mine."

At this inopportune moment Remus broke in with a remark that the new city was a Butte, all right; and he got it in the neck, as you find fully set forth in your Latin reader.—Chicago Tribune.

People Tell Each Other About Good Things.

Twelve years ago few people in the world knew of such a preparation as Powder for the Feet. To-day after the genuine merit of Allen's Foot-Ease has been told year after year by one gratified person to another, there are millions who would as soon go without a dentifrice as without Allen's Foot-Ease. It is a cleanly, wholesome, healing, antiseptic powder to be shaken into the shoes, which has given rest and comfort to tired and aching feet in all parts of the world. It cures while you walk. Over 200,000 testimonials of cures of smarting, swollen, perspiring feet. It prevents friction and wear of the stockings and will save in your stocking bill ten times its cost each year. Imitations pay the dealer a larger profit, otherwise, you would never be offered a substitute when you ask for Allen's Foot-Ease, the original powder for the feet. Imitations are not advertised because they are not permanent. For every genuine article there are many imitations. The imitator has no reputation to sustain—the advertiser has. It stands to reason that the advertised article is the best, otherwise the public would not buy it and the advertiser could not be continued. When you ask for an article advertised in this paper, see that you get it. Refuse imitations.

Gentry Underestimated.

"Bobby," asked his Sunday-school teacher, "do you know how many disciples there were?" The little boy promptly said he did, and answered, "Twelve." Then he went on, "And I know how many Pharisees there were, too."

"Indeed?"

"Yes'm. There was just one less than there was disciples."

"Why, how do you know that? It is nowhere stated how many Pharisees there were."

"I thought everybody knew it," said Bobby. "The Bible says, 'Beware of the leaven of the Pharisees,' doesn't it?"

OVER SCORE OF DEAD IN TRAIL OF STORM

Tornadoes in Nebraska and Kansas Kill Many and Ruin Crops.

OTHERS ARE HURT FATALLY.

Enormous Property Losses from Storms and Floods in the Western States.

The tornado which passed over southern Nebraska and portions of northern Kansas Friday evening was the most destructive and covered the most territory of any similar storm which has visited the State in many years. At least twenty-three are known to be dead, five fatally injured and a score of others hurt, some of them dangerously. Several persons were killed in the towns of Byron, Neb., and Courtland, Kan.

The storm was general throughout at least four counties, Fillmore, Webster, Franklin and Thayer, on the southern border of the State and reached over to Kansas from where reports come of great destruction. The towns of Carleton, Fairfield, Deshler, Shickley, Geneva, Franklin, Ong and Liverton are among those visited by the storm, and in no one of them did the elements spare life or property.

At Carleton five residences and two churches were destroyed, while a new school building and thirty houses were badly wrecked. The home of Lester Carter was demolished and his wife and baby killed, while Carter himself and another child received possibly fatal injuries. At Geneva the storm wrought great destruction and in the adjacent country claimed five victims, two of whom were killed outright and three fatally injured. The scene at Fairfield is indescribable, more than forty buildings were more or less wrecked and some of them, including three churches, were entirely demolished. The loss there will exceed \$100,000. In the vicinity of Shickley farm houses received the brunt of the storm.

A telephone message from Chester, Kan., reported twelve deaths in the vicinity of Byron, Neb. The storm was evidently most severe in the vicinity of Byron, and nothing could withstand its fury. Following the tornado a hard rain which lasted well into the night soaked the storm-stricken sufferers, making their lot doubly hard. Many of them were absolutely without shelter, and the storm occurred so late in the evening that it was impossible for them to seek either shelter or relief during the night. A telephone message from Hardy, Neb., said the town of Courtland, Kan., just across the Nebraska line, was struck by the storm and several casualties occurred.

Cyclone Sweeps Iowa Town.

Two persons were killed, three are missing, and 200 homes and barns were destroyed by a cyclone which passed over Charles City, Iowa, Sunday. Much damage was done in the surrounding country. The path of the storm was ten miles long and about twelve rods wide. It started three miles southwest of Charles City, tearing down farm houses, barns and killing many head of stock. It struck the city in the southwest part, plowing a path to a point in the northeast part of town, where it crossed the river. The path of the cyclone included no business buildings, but the residence part of town was made a wreck and household goods were scattered in all directions all over town.

Near Mauston, Wis., a tornado killed John Dalton, a farmer, and his 12-year-old son. The other occupants of the house received only slight injuries. No other damage was done by the tornado.

Five Die in Montana Flood.

Never before in the history of Montana has there been such a flood as recently swept down the valley of the Missouri river and its tributaries. Five lives already have been lost in the waters in the vicinity of Great Falls, and the damage to farms, railroads and industrial and commercial institutions will run into the millions. Saturday night the river was at the highest point ever known since the first settlement of Montana. Some of the smaller outside towns have been in even worse condition than is Great Falls. Choteau was completely surrounded by water, and all bridges were gone. A large part of Belt was partially under water, and the people took to the high ground. Sandcoulees reported severe loss and the coal mines partially flooded. In some instances the river has cut entirely new channels through the bottom, completely ruining farms.

TELEGRAPHIC BREVITIES

For the first time in years the lid was slipped on the beer gardens and dancing halls in Toledo.

Fire in Ford & Co.'s planing mill and lumber yard at Mansfield, Ohio, caused a loss of about \$20,000.

Brig. Gen. Evan Niles, retired, who served in the Civil, Indian and Spanish wars, died in San Francisco.

The pipe shop of the Best Manufacturing Company, Twenty-fourth street and the Allegheny Valley railway, Pittsburgh, was destroyed by fire. Loss \$75,000.

In No Danger.
As the philanthropic tourist pursued his course he saw many things which he felt needed sympathetic attention. One day he stopped to gaze at a bare-headed man, who was turning a wheel-lash which clumsily hoisted a bucket filled with sand.

"My friend," said the philanthropist, as the man paused to mop his forehead, "why do you not cover your head? This hot sun is likely to affect the brain."

"Brain is good," said the man, staring at him. "Dye think if I had any brain I'd be here h'isting this bucket?"

ONE WOMAN'S ENDURANCE.

Southern Woman Suffers Tortures Without Complaint.

Racked and torn with terrific pains, nightly annoyed by kidney irregularities, Mrs. A. S. Payne, of 801 Third Ave. So., Columbus, Miss., suffered for years. She says: "The pains in my back, sides and loins were so terrible that I often smothered a scream. Every move meant agony. My rest was broken by a troublesome weakness and the secretions seemed to burn like acid. I was in an awful condition and doctors did not seem to help. Doan's Kidney Pills benefited me from the first and soon made me a strong and healthy woman."

For sale by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

The noise of a railway train can be heard 2,800 yards through the air, and the whistle of a locomotive as far as 3,300 yards.
